

**What is the "My Account" option?**

My Account lets you see the items you currently have checked-out, renew them, search for other items in the library and also place holds 24/7 from anywhere you have Internet access.

In order to use the My Account option, you need a current Eureka Public Library card and a PIN #. Both library cards and PIN #s can be obtained in person at the library. Instructions on how to login and use My Account are located at the "My Account" link on the upper right side of our website.
